

ALKALINE WATER USES

TYENT
USA
WATER FOR WELLNESS

THE ULTIMATE GUIDE

OVER 75 USES!

THERE ARE SO MANY WAYS TO
USE TYENT WATER™
THROUGHOUT THE DAY

WELCOME TO TYENT USA!

We're proud to offer you this unique guide that we feel is priceless for anyone who owns one of our very special water ionizers.

Alternatively, this guide is perfect for you if you just recently began researching water ionizers.

In this guide you will discover all of the amazing and money-saving ways that a Tyent water ionizer will fit into your healthy lifestyle.

We find our Tyent water ionizers to be indispensable to our daily lives, and we think you will too. You can enjoy using the water from your ionizer, called Tyent Water™, from the moment you wake up until the time you go to bed.

Not only does your Tyent water ionizer produce clean, freshly ionized water that's full of antioxidants...but it also replaces dozens of household items to save you money. Just wait until you and your loved ones start living and feeling better, and with a Tyent water ionizer, it won't take long at all.

Take a look at a typical day of people who really get the most from their Tyent Ionizer and Tyent's other amazing products. You'll be surprised at how many ways your Tyent water ionizer will help make life easier, cleaner and healthier around the clock. Even your pets can benefit from Tyent Water!

With a reputation that's second to none and a Lifetime Warranty "Forever" Guarantee on every ionizer, you can trust Tyent products all day, every day.

HOW TO USE YOUR TYENT WATER IONIZER

(AND OTHER TYENT PRODUCTS)
THROUGHOUT THE DAY

GOOD MORNING!

8:00 AM

Wake up and brush your teeth. Use Acidic Turbo Water as a mouthwash and as a gargle to help kill the germs in your mouth.

8:15 AM

Take your morning shower and use your Shower Lux™ shower filter to remove the chlorine from your shower water.

9:00 AM

Drink a glass of Alkaline Level 3 to alleviate any dehydration from the previous night, and to start your day with an antioxidant boost. Being as little as 2% dehydrated can cause headaches, sleepiness and cognitive impairment. The antioxidants in Tyent Water help fight free radicals in your body and help increase energy and concentration.

9:15 AM

Brew your morning coffee with Alkaline Level 3. The ionized alkaline water will draw out the rich flavor of your coffee: the tiny hydrogen molecules are smaller, so they penetrate deep into the coffee grounds.

Tip: You can even use less coffee than usual, which will help save you money without skimping on flavor.

9:30 AM

At breakfast, soak your fruit in Alkaline Turbo, or if you're making a green juice, be sure to soak your veggies too. Tyent's Turbo Water will remove those nasty oil-based pesticides. Next, prepare for an afternoon snack by cutting up some apples and soaking them in Alkaline Level 3 to prevent them from browning.

10:00 AM

Make your protein smoothie with Alkaline Level 3. The tiny hydrogen molecules infused in the water help the powder blend easily, making it easier for your body to absorb. No more clumpy protein shakes!

10:15 AM

Fill up your Tyent stainless steel bottle with Alkaline Level 3 to carry with you throughout the day. Tyent's special bottle is convenient and maintains the properties of your Tyent Water. It's especially good to have in the car and while running errands. After filling up, be sure to hydrate and energize yourself with another glass too.

GOOD AFTERNOON!

12:00 PM

Give your dog some fresh Alkaline Level 1 to drink, then take him or her on a brisk stroll. Pets experience the same health benefits that people do, and the walk will re-energize both of you!

12:30 PM

Drink two glasses of Alkaline Level 3 thirty minutes before lunch to help reduce hunger and to rehydrate after your walk.

12:30 PM

For lunch, soak your salad and veggies in Alkaline Turbo Water to remove oil-based pesticides and insecticides. You can save money by not buying organic vegetables and have the cleanest veggies in town!

2:00 PM

Toss a load of laundry into the washing machine. You can add one quart of Alkaline Turbo Water to get your clothes super clean and help remove stains. Then, add one quart of Acidic Level 1 to the final rinse cycle to soften your clothes naturally.

2:30 PM

Time for another big glass of Alkaline Level 3! It may feel like you're drinking a lot of water, but you should consume half of your body weight in ounces of water per day. For example, if you weigh 200 pounds, you should drink 100 ounces of water per day.

3:00 PM

Brew a hot cup of green tea with Tyent Water for a beverage supercharged with antioxidants. For a refreshing iced tea, there is no need to boil water! Tyent Water is ionized and infused with hydrogen, allowing it to extract all the nutrients from your tea.

4:00 PM

Use Alkaline Turbo Water to soak your dinner meat for 20 to 30 minutes. The alkaline water acts as a tenderizer and improves the taste of your meat.

GOOD EVENING!

5:00 PM

Refill your Tyent bottle with Alkaline Level 3 and hit the gym! Drinking this water while exercising promotes a faster recovery time because of the molecular hydrogen.

6:00 PM

Prepare tomatoes for salad or some bruschetta by soaking them in Alkaline Turbo Water to remove harmful residue.

6:15 PM

Cook pasta, rice or potatoes with Acidic Level 1 for perfect flavor. They absorb Tyent Water more quickly than tap water, which results in a faster cooking time. Flavor stays in your food and doesn't get boiled out. Carbohydrate particles also stick together better in Tyent Water.

6:30 PM

Wash your dishes in Acidic Level 3 to sanitize them and get them sparkling clean. Soak pots and pans with burned-on food in Alkaline Turbo Water to make them easier to clean.

7:00 PM

Clean your countertops with Acidic Turbo Water. It's a good idea to store acidic water in a squirt bottle for convenience and ease of use.

8:00 PM

Take a nice, relaxing bath and let the stresses of the day melt away. Add 1 liter of Acidic Turbo Water to your bath to help soften your skin.

8:30 PM

Store a squirt bottle with Acidic Level 1 in your bathroom. After your bath, spritz your body with this water. We call it Beauty Water! It has the same pH as your skin and leaves it feeling soft and hydrated.

9:30 PM

When going to bed, take your Tyent bottle filled with Alkaline Level 3 with you for some final hydration before you rest in preparation for the next busy day ahead.

35

AWESOME USES BY LEVEL FOR YOUR **TYENT WATER IONIZER**

Tyent Water has many uses in the kitchen. Its unique ability to dissolve and extract your food's natural flavor improves color, taste and nutrition without the need for expensive products.

Alkaline Level 3: BLANCH VEGETABLES in Tyent Water before adding them to a recipe.

Benefit: Preserves the vibrant green color and improves their flavor.

Alkaline Level 3: Use Tyent Water to prepare **SOUPS AND SAUCES**.

Benefit: The water draws out the flavor of soup stock, even when very little seasoning is used.

Alkaline Level 3: Use Tyent Water to boil food.

Benefit: The natural flavor of the food is enhanced, and it will cook to a tender consistency. **REDUCE SALT** and save money by replacing one-third to one-fourth of the usual amount of soy sauce or other highly flavored sauces.

Alkaline Level 3: Soak meat in Tyent Water for 20 to 30 minutes.

Benefit: The water **TENDERIZES** the meat and neutralizes strong odors and flavors.

Alkaline Level 3: Soak and rinse nuts, seeds, grains or legumes in Tyent Water.

Benefit: It encourages **FASTER SPROUTING**.

Alkaline Level 3: Brew **GREEN, BLACK** or **HERBAL TEAS** with Tyent Water.

Benefit: It improves the color and flavor of your tea. Hydrogen is infused into the water through ionization, which gives it the ability to extract flavor and phytonutrients from tea, eliminating the bitter tannin aftertaste.

Alkaline Level 3: Use Tyent Water to **BREW COFFEE**.

Benefit: Brew coffee with a full, rich, smooth taste and less acidity by using half the usual amount of coffee.

COOKING WITH TYENT'S ALKALINE LEVEL 3

Alkaline Level 3: Use Tyent Water to make your **ICE CUBES**.

Benefit: It reduces acidity and improves the flavor of your cold drinks.

Alkaline Level 3: Use Tyent Water to make **MIXED DRINKS** or to **DILUTE BEER, WINE** or **SPIRITS**.

Benefit: It enhances the flavor of your beverages.

Bonus Benefit: Drinking 9.5 pH Tyent Water after a lively party will keep you hydrated and lessen hangover symptoms.

Alkaline Level 3: Soak beans in Tyent Water to soften them more quickly.

Benefit: Beans cook faster!

Alkaline Level 3: Hard-boil eggs in Tyent Water.

Benefit: Eggshells will be much easier to peel off after boiling. Even if the egg cracks while boiling, the yolk will not leak out into the water.

Alkaline Level 3: Wash and prepare fruits and vegetables with Tyent Water.

Benefit: Fruits and vegetables containing anthocyanins, such as cherries, plums, grapes, strawberries, red cabbage, eggplants, soybeans, asparagus and others, will not lose their vibrant color.

PERSONAL CARE WITH TYENT'S ALKALINE TURBO PH

Alkaline Turbo Water produced by your Tyent USA ionizing system using the Turbo setting is alkaline water with a pH greater than 11.0, and it comes out of the top hose. Low pH acid water, which many collect for acidic pH uses, comes out of the lower hose. The redox potential of **Alkaline Turbo Water** can be lower than -875 mV.

Alkaline Turbo Water has the same properties as Tyent Water for drinking, only stronger, and it is not recommended for drinking at this pH level. Because it's alkaline with a negative electrical charge, it promotes the relief of aches and pains and may help reduce minor swelling.

Alkaline Turbo Water: Soak your feet for 20 to 30 minutes once or twice a week.

Benefit: It aids your body's detoxification process.

Alkaline Turbo Water: Use as a body compress.

Benefit: It penetrates to help soothe sore muscles, bruises, minor burns, skin eruptions and skin rashes.

CLEANING WITH TYENT'S ALKALINE TURBO PH

Useful to remove dirt and emulsify oily residue.

Alkaline Turbo Water: Soak fruits and vegetables in **Alkaline Turbo Water**.

Benefit: It keeps your family safe from ingesting harmful chemicals because it helps remove oil-based or waxy coatings and pesticide residue. Soaking will increase the removal of dirt, grit and sand and revitalize fresh foods.

Alkaline Turbo Water: Rinse fresh fish, meat and poultry.

Benefit: It removes the bacteria-causing proteins and fats in meat, fish and poultry. Rinsing also helps remove odors from the meat.

Alkaline Turbo Water: Use for washing dishes.

Benefit: Use less soap when washing your dishes. Clean cutting boards and dish cloths to remove fat and protein residue before rinsing clean with **Acidic Turbo Water**.

Alkaline Turbo Water: Use for your laundry.

Benefit: Use less laundry detergent by adding a quart of **Alkaline Turbo Water** to the wash cycle.

Alkaline Turbo Water: Pretreat stains before laundering.

Benefit: Use **Alkaline Turbo Water** to remove coffee, soy sauce, oil and other stains from clothing with ease. Save money on stain removers.

Alkaline Turbo Water: Clean kitchen surfaces.

Benefit: Use **Alkaline Turbo Water** to clean oil and tough grime from stovetops, ovens and vents as well as for general cleaning in the kitchen. Save money on cleaning products.

Alkaline Turbo Water: Clean bathrooms.

Benefit: **Alkaline Turbo Water** is great for removing stubborn toilet bowl stains or mineral stains on bathtubs and showers. Save money on bathroom cleaning products.

Alkaline Turbo Water: Clean floors.

Benefit: **Alkaline Turbo Water** is excellent for removing dirt and grime from hardwood floors and crevices. Save money on floor cleaning products.

BEAUTIFY WITH TYENT'S 5.5 PH BEAUTY WATER

Acidic Level 1: The mildly **Acidic Water** (setting 1) acts as an astringent to tighten and tone the skin. Pat the skin and allow it to dry. It is also excellent as a toner after shaving.

Benefit: **Acidic Level 1** is the same pH as the skin, so it will give you a healthy glow without stripping or irritating your skin.

Acidic Level 1: Add Beauty Water to your bathwater.

Benefit: Bathing in this water warms the body while maintaining your skin's natural pH balance...keeping it beautiful. It also helps keep your tub free of bathtub rings.

Acidic Level 1: Use Beauty Water as a rinse after you wash your hair.

Benefit: It reduces tangles and brings out a radiant shine.

PERSONAL CARE WITH TYENT'S ACIDIC LEVEL 2

Acidic Level 2: Use **Acidic Water** as first aid to clean scrapes, scratches and minor cuts. Spray on cold sores, pimples and other minor skin irritations.

Benefit: It provides a sting-free cleaning of minor wounds, and it promotes a speedier healing process for cold sores, pimples and other irritations.

Acidic Level 2: Keep your hands clean while cooking—or any time—with **Acidic Water**.

Benefit: It's a safe, fast and non-irritating way to help fight the spread of bacteria. Since it's just special water, it doesn't have the harmful chemicals or strong fragrances that other hand sanitizers have, which can react with food.

Acidic Level 2: Gargle with **Acidic Water** if your throat feels sore or scratchy. Follow up with an alkaline water rinse.

Benefit: It soothes your throat to help provide some relief.

Acidic Level 2: Use as a foot soak.

Benefit: Soak feet to help eliminate fungal toenails and athlete's foot.

SAFE CLEANING WITH TYENT'S ACIDIC TURBO WATER

Acidic Turbo Water: Carry a small spray bottle of Acidic Turbo Water to keep your hands clean or to spiff up your desk or other surfaces at the office.

Benefit: It helps stop the spread of bacteria.

Acidic Turbo Water: Use Acidic Turbo Water to clean toys, high chairs and other surfaces.

Benefit: It helps keep children safe by stopping the spread of germs.

Acidic Turbo Water: Use Acidic Turbo Water to wash dishes and to clean utensils, dishcloths, towels and containers.

Benefit: Having clean surfaces throughout your home helps stop the spread of germs without the residue of harsh chemical cleaners.

18 AWESOME BENEFITS AT A GLANCE

BOOSTS IMMUNITY

An abundance of antioxidants support overall well-being.

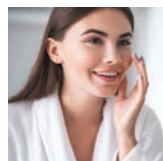

INCREASES ENERGY

An abundance of molecular hydrogen provides an energy boost.

PROMOTES WEIGHT LOSS

It helps neutralize and release acidic waste, which encourages fat loss. Plus, studies show that the molecular hydrogen in Tyent Water increases weight loss as well.

MAKES SKIN RADIANT FROM THE INSIDE

Drinking Alkaline Level 3 Tyent Water keeps skin more hydrated and helps flush out toxins to promote a clear and healthy complexion.

SUPPORTS GREEN CLEANING

The sanitizing properties of ionized water eliminate the need for many toxic cleaning supplies.

CLEANS SURFACES

The Acidic Turbo Water provides germ-fighting power.

IT'S ECO-FRIENDLY

No more plastic bottle waste.

SAVES MONEY ON PRODUCE

Alkaline Turbo Water helps break down and wash away oil-based pesticides and insecticides on produce, making it possible to skip buying organic.

PROMOTES STRONG BONES

Tyent Water contains minerals, like calcium and magnesium, that your body needs.

PROMOTES BETTER SLEEP

Feel more refreshed throughout the day when you get a better night's sleep.

OFFERS SUPERCHARGED HYDRATION

Molecular hydrogen is absorbed at the cellular level.

SAVES MONEY

Replace many of your expensive cleaning and beauty products with different pH levels from your Tyent Water Ionizer.

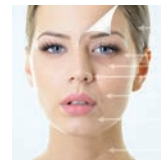

KEEPS SKIN SOFT FROM THE OUTSIDE

Spritz Acidic Level 1 on your skin as a soothing astringent because it has a pH of 5.5, the same pH as your skin. It offers antibacterial properties without the irritating ingredients that other products have.

HELPS SOOTHE MINOR SKIN IRRITATIONS

Tyent's Acidic Turbo Water has antiseptic properties that help soothe minor skin irritations.

HAS ANTI-AGING PROPERTIES

Antioxidants in ionized alkaline water fight off free radicals, which would otherwise accelerate the process of aging.

PROMOTES GOOD HYGIENE

Keep a spray bottle filled with Acidic Turbo Water handy to sanitize hands and surfaces.

SPEEDS UP RECOVERY TIME AFTER EXERCISE

The tiny hydrogen molecules infused in the water are easily absorbed into your cells, helping neutralize lactic acid.
